- Supported a group of 05 affected women and 01 affected household to sell food and beverage in the rest shelters on site.

Community Development Action Plan

- Local Recruitment Support: LSP’s Social team engaged with EPC contractors and sub-contractors to disclose and promote the Project’s local employment and procurement policy.
- Community Health and Safety Promotion: LSP organized several training workshops on the topic, such as Traffic Safety Awareness Raising, Alcohol and Drug Abuse Prevention, Health Education and Infectious Diseases Prevention program, Mobile clinic program with 200 – 300 participants on average in each event.
- Scholarship Program: Since its start in 2016, the company has granted 240 scholarships for primary and secondary school students who belong to vulnerable households in Long Son commune. In addition, two (2) scholarships were granted to students in Long Son under the SCG’s Sharing the Dream scholarship program.
- Provided financial support to improve local infrastructure.
- Other CSR activities such as organizing English speaking club at Bach Dang secondary school, attending cultural events in Long Son.

Stakeholder Engagement Plan

Since November 2018, the One Manager One Community (OMOC) program was utilized as a channel for public consultation and information disclosure, as well as building relationship with local communities. The OMOCs are organized once a month and focusing on disclosing Project information and obtaining feedbacks from community regarding its construction activities and other social programs. Besides, the Project also conduct on-going stakeholder activities in the community.

The LRAP updated programs for 2021 includes the following:

Program	Target	Main content
Small-Scale Agriculture and Aquaculture Support Project	All Project’s affected households having interest in agriculture/ aquaculture development	Home-based agriculture: helping AHs to make the most benefits from their home garden from home-based vegetables and animals growing models.
